

Say NO to CO!

- Protect yourself and your family from carbon monoxide poisoning (called CO) when using portable generators and pressure washers.
- CO cannot be seen or smelled, but it can kill you or make you sick.
- Install a battery-operated CO detector near the bedrooms.

*Recommendations from the
Centers for Disease Control and
Prevention*

Say NO to CO!

(CO, carbon monoxide, is a poisonous gas)

BE SAFE:

- ✓ Never use the generator indoors or in a garage, carport, or basement.
- ✓ Put the generator outside and away from doors, windows, and vents.
- ✓ Read product directions for other safety tips.
- ✓ Chain the generator to a tree or other fixed object to prevent theft.
- ✓ Symptoms of CO poisoning:

Headache

Confusion

Fatigue

Seizures

Dizziness

Loss of consciousness

Nausea/vomiting

Death

Get out of the house and seek medical help immediately if you or a family member have these symptoms!
